

T2+ BODYCAM

DATASHEET

PRODUCT CODE: T2-BC2P

zepcam™

PROFESSIONAL BODYCAM SOLUTIONS

Specifications	
Main	
Functionalities	Recording of video, audio, photo, GPS
Video Resolution	1920x1080- 30FPS, 1280x720- 30 FPS, 840x480- 30FPS
Video Format	MP4, H.265
Pre-event recording	Up to 120 seconds for all resolutions
Post-event recording	Up to 60 seconds for all resolutions
Location	GPS during recording, in-device GPS capture Not dependent on smartphone GPS connection
Audio	Built-in microphone, AAC(LC) 128kb/s, mono 48khz Storage
Storage	64GB
Security	AES256 bit encryption
Video & Optics	
Sensor video	4 MP CMOS
Lens	140 degrees wide angle lens, low distortion
Night vision	Low light image sensor
Light sensitivity w/o IR	0.5 lux
Infrared Lights	Auto IR made for dark environments
Various	
Visual	LED for indication of standby, recording, charging
Audio	Audio notification for start/stop recording, disc full and low battery level
Stealth mode	Disable audio signals and LED indications for stealth operations Selectable setting
Vibration	Built-in vibration notification functionality
Battery	
Type	Built-in 3200 mAh Lithium-ion battery
Charging time	On average 2.5 hours
Recording time	Up to 12 hours
Standby time	Up to 12 hours
Charging	ZEPCAM Docking Station, Single dock with USB charger
Other	
IP class	IP 65 (rain & dust proof)
Certification	CE: EMC-directive 2014/30EU; 2014/53/EU; performed under the Dutch Accreditation Council
Weight	115 gram (without mount)
Dimensions	72x56x24mm (HxWxD)
Temperature	-20 to +60 degrees Celcius
Data offload	Via ZEPCAM Docking Station
Mounts	Various with Klickfast
Available Software	
Zepcam Manager	Web-based software for management of system, evidence and live stream viewing, storage on server or cloud, third party integration support
User management	Use ZEPCAM Manager to manage users, user rights, connect user ID to camera ID etc.
Video management	ZEPCAM Manager with third party integrations
Firmware & settings update	Via ZEPCAM Manager
Integration	
Functionality	API for integration with video management systems, e.g. Milestone Xprotect, Genetec Clearance
